# Mattresses with the utmost in design, quality and comfort

## Proudly made in Australia

Slumberest and BCF have launched a partnership to bring you the best in custom caravan and camper trailer mattresses available in the market. With over 45 years experience designing and manufacturing caravan mattresses for the major caravan companies, Slumberest's experience with our national store network provides you with easy access to help you choose the right mattress to suit your individual needs. All mattresses are 100% Australian made ensuring you the best comfort and quality available.

This Australian Made symbol is your official guarantee that your Slumberest product has been manufactured in Australia, not just packaged or assembled. All Slumberest mattresses carry this logo. Australian products carrying the Australian Made symbol have been manufactured locally to meet the highest of Australian standards. This means you can have confidence in the quality of the Slumberest product you purchase.

## CUSTOM MADE

Every Slumberest mattress is custom made down in Campbellfield, Victoria to suit your exact specifications. Capturing the correct information on the order form is essential; from the make/model of your van, to the location of a folding zipper, to exact cut or radius corner dimensions. Please see the guide below on the size information and extra detail required, please take this booklet home with you to complete.

### SIZING

#### SIZE CONVERSION-Width

**SB SINGLE** 1000mm and under  
**DB DOUBLE** 1010mm to 1380mm  
**QB QUEEN** 1390mm to 1550mm  
**KB KING** 1560mm and wider

**Pro tip:** The width determines the size of the mattress. Where a mattress is over 2.1m in length, this bumps it up to the next size.

### CORNERS

Custom corner types to suit your space.

1. Standard corners like your mattress at home
2. Radius curve, for an extra rounded finish
3. Cut corners at modified angles. Internal square cut-outs available on certain models only
