+ WARNING

Please read and understand all the following safety information prior to installing and using this Roof Bar Set. Check the weight capacity of your vehicle from your vehicle manufacturer before installation of this Roof Bar Set.

- + This Roof Bar Set is designed to fit XTM ROOFTOP TENT HARDTOP LIGHT only. Do not use for any other purpose or any other model of roof top tent.
- + Do not lift the XTM ROOFTOP TENT HARDTOP LIGHT by using this Roof Bar Set.
- + The loading capacity of this Roof Bar Set is 40KGS in static conditions. DO NOT overload.
- + Ensure that all the mounting brackets and bars are installed correctly as per instructions. Inspect the connections periodically to ensure all bolts and nuts are tight.
- + The load carried on the roof must be distributed evenly and attached securely.
- + Remove all gear on the bars before opening the XTM ROOFTOP TENT HARDTOP LIGHT.

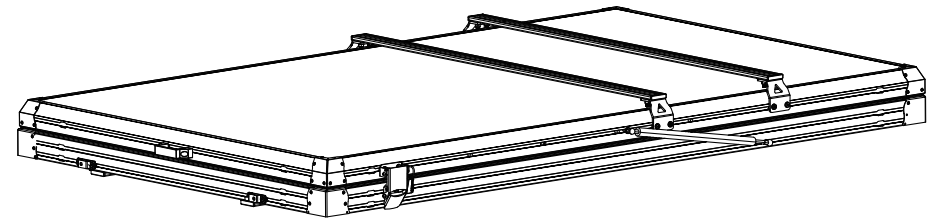

210MM

+ PRE-INSTALLATION

Step 1:
Pre-assemble the roof bar bracket loosely using four M8 Bolts and nuts. Repeat this on the other end. Do not tighten at this stage.

Step 2:
Slide the pre-assembled nuts into the slots on both sides of the lid in the desired position. Tighten the Bolt using Allen key provided. Repeat to install the other bar.
