

SIZE IS 30X16CM

SHELTER BEACH BCF VALUE PLU:716416

SET UP

Lay shelter flat with central hub upright.
Make sure poles are fully extended.

Pull the drawstring up until the upper and lower section connected. As the hub get closer to connecting, the resistance will increase and the body of the shelter will bow out.

IMPORTANT!
Once connected, tie the drawstring in a small knot.
This will prevent the possibility of the shelter collapsing.

Stake down the corners of the shelter to secure in place. **A**
Sand pockets can be filled for additional stability. **B**

TAKE DOWN

Remove stakes and empty sand pockets.
Untie cords and separate central hub by pushing down on the lower hub poles.

Gently lower down the entire shelter.

Holding central hub upright,
fold poles up toward the hub.

Roll excess fabric
toward folded poles

Bring all excess fabric together and roll
tightly toward the central hub.
