FRIDGE  
COVER  
INSTRUCTIONS**

**IMPORTANT:** This instruction manual contains important safety information and operating instructions.

Read this instruction manual carefully to familiarise yourself with the product before connecting it to the fridge.

Keep this manual in a safe place for future reference.

Unfold the front and side walls (you may need another person to help hold them up while you place the fridge in position)

## INSTRUCTIONS FOR USE

Remove cover from packaging and lay on a flat surface with the silver side facing up

41L & 54L Models

77L Dual Zone Model

Position the fridge on the base of the cover with the control panel facing the Left side as shown in the picture below (the 4 cutouts are where the feet on the fridge sit)

Raise the rear panel up and zip the rear Right side zip to the top.

Zip up the Left side zip almost to the top and attach the elastic to the hook & loop fastener, then you can zip it all the way to the top.

Position the lid flap(s) and secure in place with the hook & loop fasteners

## OTHER FEATURES

The clear display screen flap can be folded and secured out of the way via 2 hook & loop fasteners on the underside of the lid flap as shown below

2 zips on the end of the cover allow easy access to the mesh pocket on the fridge

The cover features 1 large or 2 smaller storage pockets on the front side as shown below.
